AUTONOMOUS VEHICLE INTERNATIONAL

Published twice a year by the organiser of the industry’s most influential international events (Autonomous Vehicle Technology World Expo and Symposium in Stuttgart, Germany and Novi, USA, as well as the newly launched Autonomous Vehicle Technology Virtual ‘Live’ online event), AVI presents lead applications, products and services in the world of AV, HAD and ADAS.

Printed copies of AVI are distributed to an international circulation of 10,000 engineers and decision makers from vehicle OEMs and Tier 1 and Tier 2 manufacturers. AVI also reaches leaders in departments of transport, top-level road legislators, and targeted decision makers from vehicle-to-vehicle (V2V), vehicle-to-infrastructure (V2I) and vehicle-to-integration (V2I) programs. The target market reaches automotive, mass transport, commercial, off highway and military vehicle applications, giving advertisers access to all the fastest growing autonomous development markets. The online edition reaches 28,000 global ADAS and AV engineers.

Each edition reviews suppliers and end users for autonomous and ADAS systems, including:

- Prototyping, volume production, test, validation, diagnostics, crash evaluation, crash prevention, simulation, passive and active safety, software, hardware, semiconductors, chips, sensors and sensor fusion, detection, robotics, big data, vehicle dynamics, artificial intelligence, machine learning, mapping, navigation, localization, GPS, GNSS, HMI, UX, infotainment, behavioral monitoring, vehicle interiors, infotainment, materials, electrification, electric and hybrid systems, propulsion, telematics, ITS integration, V2X, OTA, mobile networks, security, hacking, test tracks, world vehicle development hubs, site selection, merger and acquisition, funding, investment, startups, consultancy, recruitment, employer branding and talent acquisition.

Autonomous Vehicle International Online

www.autonomousvehicleinternational.com hosts a fully interactive version of Autonomous Vehicle International magazine

www.autonomousvehicleinternational.com is the place to get daily, breaking autonomous vehicle news, and the only portal where you can read the very latest issue of Autonomous Vehicle International – with online readers able to access the issue at least two weeks before the print version is circulated.

The online version features interactive advertisements and articles that link straight through to advertisers’ featured websites, while digital distribution ensures even more key decision makers, engineers, designers and planners can view the industry’s leading publication.

www.autonomousvehicleinternational.com continues to grow, with an average of 13,000 unique monthly visitors (2020), and a weekly e-newsletter sent to 28,000 industry professionals.

With mission-critical news, features, opinion and videos compiled by our in-house team and worldwide freelance reporter network, our content is exclusive to www.autonomousvehicleinternational.com and uploaded in real time, as and when the stories unfold.
