In the quest to advance electrification technology, should auto manufacturers go it alone or combine their expertise?

**TWO GLOBAL TESLA DEBUTS**

Elon Musk has stunned the industry by not only unveiling a new electric truck, but also revealing the jaw-droppingly quick Roadster.

**VOLKSWAGEN’S ROADMAP**

Dr Herbert Diess lifts the lid on the German auto maker’s extensive plans for its electrified vehicle range.

**ARE EVs KILLING THE PLANET?**

E&H Vehicle tackles some of the myths surrounding the environmental impact of electric and hybrid vehicle technology.

**NEXT-GENERATION GENIUS**

Will the new wave of electrified vehicle designers and powertrain engineers need a completely new set of automotive skills?

**ELECTRIFYING DAIMLER**

Jochen Hermann explains why the German auto maker is pursuing multiple propulsion technologies.

**SOLID STATE OF AFFAIRS**

Having promised a step-change for EV ranges, solid-state batteries have yet to find a route to widespread application.

**ELECTRIFYING THE OIL INDUSTRY**

Major petroleum companies are embracing electrification, investing heavily in charging technology and station infrastructure.

**THE RETURN OF FISKER**

E&H Vehicle speaks to Henrik Fisker about breakthrough battery technology, new business models and affordable EVs.
First published in 1995, and now sent free of charge twice a year to over 19,000* key specifiers and decision-makers throughout the global automotive industry, Electric & Hybrid Vehicle Technology International is firmly established as the world’s leading international showcase for technology and innovation in electric, hybrid and fuel-cell vehicle development and manufacture.

- Hard copy mailout, by name and job title, to around 10,000 key OE automotive personnel: Europe 40%, North America 40%, Asia/Pacific 15%, Rest of World 5%.

- Full-colour interactive digital version also available online at www.electrichybridvehicletechnology.com

- Distribution is to OE vehicle design, development and production companies, relevant independent design, engineering and R&D facilities, and to principal Tier One and Tier Two suppliers.

- Additional distribution at key industry events, including Electric & Hybrid Vehicle Technology Expo, The Battery Show, eMove360°, EVS, Engine Expo, Advanced Automotive Battery Conference and LCV.

PUBLISHING SCHEDULE 2019/20:

July 2019 issue:
Copy deadline: Friday 7th June 2019

January 2020 issue:
(Published December 2019)
Copy deadline: Friday 1st November 2019

ADVERTISING RATES:

Double Page Spread: £6,500
Full Page Colour: £4,450
Half Page Colour: £3,100
Quarter Page Colour: £1,750

Special 10% discount for booking both issues at the same time.
Premium advertisement positions (covers etc) also available - prices upon request.
Technical editorial and interviews also available to advertisers on a strictly ‘first come, first served’ basis!

Banner advertising available on www.electrichybridvehicletechnology.com and also our weekly e-newsletters - sizes and prices upon request.

For further information, please contact Simon Edmands, UKi Media & Events, Abinger House, Church Street, Dorking, Surrey RH4 1DF, UK.
