

THE INTERNATIONAL REVIEW OF FUTURE TRANSPORTATION CONCEPTS AND TECHNOLOGIES

the **FUTURE** of **T** **TRANSPORTATION**

LAUNCHING
IN JANUARY
2018!

**TRANSPORTATION
SOLUTIONS FOR 2030
AND BEYOND!**

The images of change: the future will be quick to arrive and disruptive!

This 160-page, perfect-bound publication will showcase the proceedings from the hugely successful Future of Transportation conference that took place in July 2017 in Cologne, Germany, and was attended by some of the most influential and forward-looking transportation experts in the world. Beautifully and graphically illustrated, **The Future of Transportation 2018 review** will look at all possible future transportation concepts. Categories covered in-depth will include:

- > Getting transportation off the ground
- > The legal and technical issues of autonomous vehicles
- > Vision Zero technologies and concepts
- > The challenge for rail
- > Environmental sustainability
- > Quantum shifts through big and small changes
- > Infrastructure and project funding
- > The changing landscape for car manufacturers

In short, if you are working on next-generation transportation solutions, you need to advertise in **The Future of Transportation 2018**.

Publishing schedule:

Publication date: January 2018
