Automotive Testing Technology International magazine is totally dedicated to the latest technologies and services within the world of automotive testing, evaluation and quality engineering.

Published four times a year, Automotive Testing Technology International magazine provides information on test and evaluation engineers, R&D managers, technical directors, heads of research and chief engineers, with a balanced blend of in-depth case study articles, expert interviews and groundbreaking technology profiles, all covering areas from impact and crash testing to vehicle refinement, from NVH to engine and emissions analysis. In fact, Automotive Testing Technology International magazine covers all aspects of automotive testing and evaluation.

DISTRIBUTION AND READERSHIP

Great lengths are taken to guarantee that copies of the publication are received and read by the most appropriate executives worldwide.

The total distribution of 14,548* hard copies plus 49,000 digital copies per edition and sent to named automotive test and evaluation engineers and related industry professionals in over 70 countries worldwide.

*qualified and non-qualified circulation, December 2017 ABC Statement

DIGITAL CONTENT

The digital version of Automotive Testing Technology International magazine is hosted at www.AutomotiveTestingTechnologyInternational.com, and features weekly industry news updates, blogs, recruitment advertisements, web-exclusive articles and a free-to-use archive of back issues.

The website also includes the opportunity for a small number of advertisers to secure one of the limited number of sponsorship banners for a 12-month period.

www.AutomotiveTestingTechnologyInternational.com also hosts the Supplier Spotlight Directory. This directory is a comprehensive listing of leading test and development industry suppliers, giving a 200- to 300-word company profile, logo, images and contact details for each company.
