Automotive Testing Technology International magazine is totally dedicated to the latest technologies and services within the world of automotive testing, evaluation and quality engineering.

Published four times a year, Automotive Testing Technology International magazine provides information for test and evaluation engineers, R&D managers, technical directors, heads of research and chief engineers. A balanced blend of in-depth case study articles, expert interviews and groundbreaking technology profiles covers areas from impact/crash testing and vehicle refinement to NVH and engine/emissions analysis. In fact, Automotive Testing Technology International magazine covers all aspects of automotive testing and evaluation.

DISTRIBUTION AND READERSHIP
Great efforts are made to guarantee that copies of the publication are received and read by the most appropriate executives worldwide.

The total distribution of 15,142* hard copies plus 49,000 digital copies per edition are sent to named automotive test and evaluation engineers and related industry professionals in more than 70 countries worldwide.

DIGITAL CONTENT
The digital version of Automotive Testing Technology International is hosted at www.AutomotiveTestingTechnologyInternational.com and features weekly industry news updates, blogs, recruitment advertisements, web-exclusive articles and a free-to-use archive of back issues.

The website also includes the opportunity for a small number of advertisers to secure one of the limited number of sponsorship banners for a 12-month period.

www.AutomotiveTestingTechnologyInternational.com also hosts the Supplier Spotlight Directory. This is a comprehensive listing of leading test and development industry suppliers, giving a 200- to 300-word company profile, logo, images and contact details for each company.
